Dear PSC Staff,

I would like to request exemption from placarding requirements (Regulation 103-153) for our fleet of vehicles. Our fleet consists of high end luxury modern vehicles as well as rare and valuable antique vehicles. Our clients prefer a bit of anonymity when using our service and many like the feel privacy an unmarked vehicle. Our antique vehicles are used for many film and photo productions in the area and placarding them takes away from the desired original look. Lastly, placards that have been left for long periods of time, when removed, leave a silhouette on the paint that devalues the vehicle's resale and fixing this requires a repaint which is extremely expensive, especially on high value vehicles.

Thank you for your consideration.

Jeffrey Newton
